INVITATION to ROUND TABLE

Improving management and maintenance of assets and infrastructure. The imperative change.

February 21, 2018, 1:00 PM – 6:30 PM, Novotel Hotel, Sofia, Bulgaria

- Is the asset management strategy of enterprises compliant with the international standards?
- What is the European experience?
- What are the benefits and the financial effects of practical implementation of good management and maintenance?
- Do asset management and maintenance specialists answer the needs of business?

These and other important topics will be in the focus of the discussion among leading experts on February 21, 2018 in Sofia, Bulgaria. The event is organised by the Bulgarian Association of Assets and Facilities Management and Maintenance (BAUPAS) in partnership with the Bulgarian Water Association and the Bulgarian Federation of Industrial Energy Consumers.

The target audience of the event are:

- Executives of manufacturing companies across the industry
- Directors and managers responsible for operations, maintenance management, HSE
- Financial directors and managers
- Asset and infrastructure managers

You are welcome to the event to share ideas and to hear answers on topics which are critical to industry operation, people and the environment.
